

*ProStep's goal is to inspire and support a diverse team of clinicians to provide innovative patient care and excellent customer service. We believe our front line employees and managers are the company's greatest asset. ProStep's dedicated employees have a serious commitment to our goals and live our mission.*

**Post-Acute Therapy is our focus – and – it's what we do.** We achieve our results through our commitment to each other and helping every patient to achieve his/her full life potential. We have a **PLAN** to manage the details of rehabilitation services, beginning with our committed, licensed personnel. We achieve outstanding clinical outcomes and integrate our team into your facility's daily routines, ensuring cost-effective operations to exceed budgeted expectations.

How we can help your facility:

- ❖ Therapeutic Programs including, but not limited to:
  - Falls prevention
  - Posture/Gait Analysis
  - Joint Protection
  - Therapeutic Modalities
  - Wound Care
  - Self-Care Retraining
  - Home Safety Assessments
  - Splinting/Contracture Management
  - Communication Techniques
  - Dysphagia Treatment
  - Dementia Programming
  - Cognition
  - Memory Enhancement
  
- ❖ Provide strategic marketing assistance to boost census and rehab admissions
- ❖ Partner with activities programming
- ❖ Promote restorative nursing programs
- ❖ Clinical consultation to aid survey preparation
- ❖ Facility staff inservicing
- ❖ Impact and respond to QI/QM results
- ❖ Clinically appropriate, fiscally responsible
- ❖ Interdisciplinary management of patient rehab through the ProStep Recovery Cycle
