

*Our goal is to inspire a diverse team of clinicians to provide innovative patient care and excellent customer service. We believe our front line employees and managers are the company's greatest asset. ProStep's dedicated employees have a serious commitment to our goals and live our mission.*

*We have built a culture around "Revolutionizing Post-Acute Therapy." We take pride in assisting therapists and leaders in reaching a work/life balance coupled with advancement of professional career goals. We accomplish this balance through a variety of special programs including career ladders, flexible schedules, attainable productivity and individual development mapping.*
